- [Williams, Thomas N. \(8\)](#)
- [Chilimo, Wanyenda L. \(6\)](#)
- [Chisestom M. Mlewa \(6\)](#)

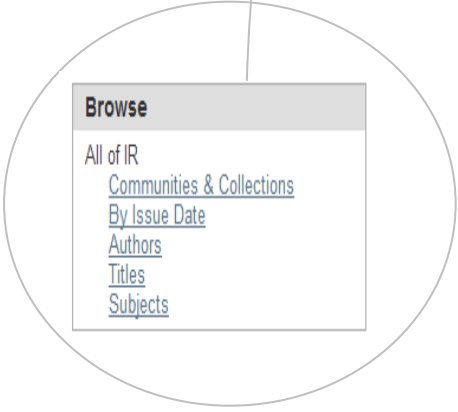

**Three ways to access content**

1. Search
2. Browse
3. Select

**Search**

Type a title, author or a keyword e.g. Biology then click **[Go]**

**Browse**

Click on title, author or subjects to view a list of items. Then select the item you want to view.

**Select**

Select the community you want to access e.g. (Research Article) then the department. Select the title of interest.

## How to view content

The screenshot shows a web browser window with the URL [elibrary.pw.ac.ke/handle/123456789/630](http://elibrary.pw.ac.ke/handle/123456789/630). The page header includes the Pwani University logo and 'e-Space' text. A navigation bar contains links for 'Pwani University', 'Library Website', 'Library Catalogue', 'Exam Bank', and 'Lib Search'. The main content area displays the title 'Outreach Programs in Libraries' by 'Maua, Michael'. It provides the URI <http://elibrary.pw.ac.ke/handle/123456789/630> and the date '2014-06-22'. An abstract section explains that marketing and outreach are interrelated and provides a brief description of a paper presented at a workshop in Mombasa. A 'Files in this item' section shows a PDF file named 'Outreach Programs ...' with a size of 496.6Kb. A 'View/Open' link is positioned next to the file icon. On the right side, there is a search bar and a 'Browse' section with various navigation options.

Click either of the two links to view content

The screenshot shows a PDF viewer interface. The document text is as follows:  
Title Alkaline active maltohexaose-forming  $\alpha$ -amylase from *Bacillus halodurans* LBK 34 Author/s [Suhaila Hashim, Osvaldo Delgado, Alejandra Martinez, Rajni Hatti-Kaul, Francis J Mula, Bo Mattiasson](#) Department/s [Biotechnology \(LTH\)](#)  
Full-text Full text is not available in this archive Alternative location (URL) <http://dx.doi.org/10.1016/j.en...>  
Restricted Access (Alternative Location)  
Publication/Series Enzyme and Microbial Technology Publishing year 2005 Volume 36 Issue 1 Pages 139 - 146
