

## How to access TEEAL via University Network (PU-LAN)

### STEP -1

Access TEEAL using URL <http://teeal.pu-lan.ac.ke>

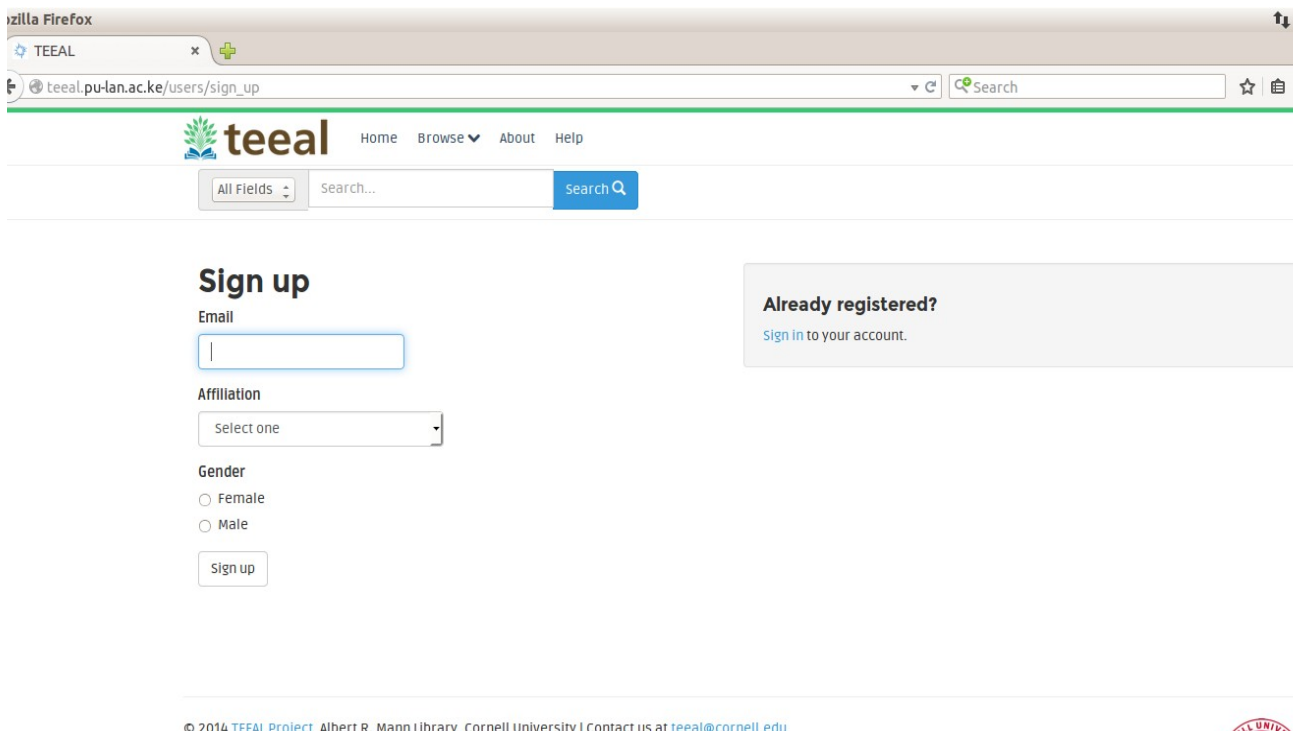

Login to TEEAL

Sign UP

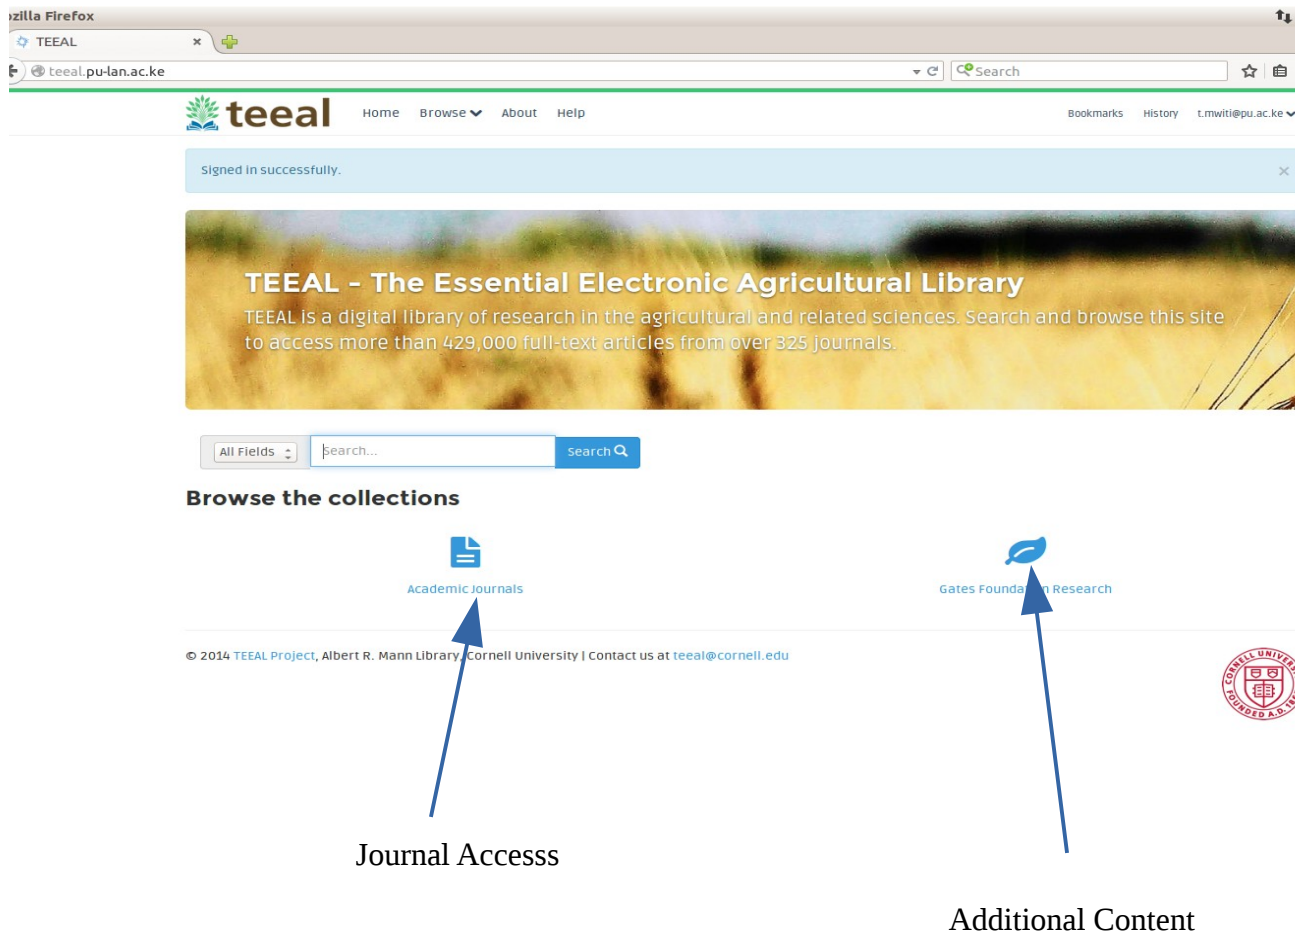

### STEP- 2

Click on sign up to create TEEAL account.

### **STEP- 3**

Use email address created to login and access journal articles

The screenshot shows the TEEAL website in a Firefox browser. The address bar shows 'teeal.pu-lan.ac.ke'. The page header includes the TEEAL logo and navigation links: Home, Browse, About, Help. A notification bar says 'Signed in successfully.'. The main banner reads 'TEEAL - The Essential Electronic Agricultural Library' and describes it as a digital library of research in agricultural and related sciences, containing over 429,000 full-text articles from over 325 journals. Below the banner is a search bar with a dropdown menu set to 'All Fields' and a 'search' button. Under the heading 'Browse the collections', there are two links: 'Academic Journals' with a document icon and 'Gates Foundation Research' with a leaf icon. Blue arrows point from the text 'Journal Access' below to the 'Academic Journals' link, and from 'Additional Content' below to the 'Gates Foundation Research' link. The footer contains copyright information: '© 2014 TEEAL Project, Albert R. Mann Library, Cornell University | Contact us at teeal@cornell.edu' and the Cornell University logo.

**NB.** This service is only available within PU. Use PU LAN, both cable and wifi to access this service.
